

I am against increasing the limit above the current 35% on corporate ownership of media outlets. To increase this limit will NOT create more diversity in news coverage. On the contrary, we will have more biased news coverage ala FOX TV. There is no good reason to allow this to happen on a larger scale. Even today, if I want an unbiased perspective on the news, I watch CSPAN, BBC and PBS. We want to continue living in a democracy not a plutocracy.
